# OVERVIEW

## Reliable provider

Audem Group, operating as Audem Electrical, has been a leading provider of top-quality electrical services in Brisbane since 2020. Our family-owned business was founded with the goal of delivering "Simply Better Service," and we have since become a trusted and reliable provider.

## Comprehensive systems

At Audem Electrical, we aim to deliver exceptional service and reliability on every project. Our advanced systems, positive work culture, and talented staff result in a professional and consistent experience for our clients. We are dedicated to providing the best possible service, exceeding expectations and continuously improving our services through our commitment to "Simply Better Service."

## High standards

Audem Electrical's success is driven by its comprehensive systems and processes, which provide a solid foundation for expansion and growth.

# LEADERSHIP TEAM

## **Matthew Barram - CEO**

As the CEO of Audem Electrical, Matthew Barram brings a wealth of experience in the business management and systems development. With a Bachelor of Organisational Leadership and a Graduate Diploma in Psychology, Matthew has a unique blend of leadership and business management skills that allows him to effectively lead the company towards its goals. His expertise in the development of systems and processes has helped Audem Electrical become a well-oiled machine, delivering high-quality services to clients time and time again.

## **Michael Barram - COO**

Michael Barram, the COO of Audem Electrical, is a licensed electrician with extensive experience in the electrical industry. With years of experience managing electrical businesses, Michael has a proven track record in delivering large floor and cyclone recovery projects, as well as extensive retrofitting and upgrade programs around Australia, South Africa, and the USA. With his extensive industry knowledge and hands-on experience, Michael leads the operational side of the business, ensuring that clients receive the highest quality electrical services possible.

Together, Matthew and Michael form an exceptional leadership team that brings a wealth of experience and expertise to the table. With their complementary skills and a shared passion for delivering high-quality electrical services, they are well-positioned to guide Audem Electrical towards continued success.

# ELECTRICAL RETROFITS & REFURBISHMENTS

At Audem, we understand the importance of modern, energy-efficient lighting and electrical systems for commercial buildings. That's why we're dedicated to providing top-notch retrofit and refurbishment services for businesses of all sizes.

Here's why you should choose Audem for your next retrofit or refurbishment project:

**Dedicated Team:** When it comes to your business, you want to be confident that the team working on your retrofit or refurbishment is fully committed to the project. At Audem, we don't use subcontractors. Our team is made up of highly skilled and efficient electrical experts who are dedicated to providing the best possible service.

**Efficient Team Members:** Our team members are not only skilled and experienced, but they also work quickly and efficiently. We understand that downtime can be costly for your business, so we work hard to minimise disruption and complete your project on time.

**Experience in Energy Efficiency:** At Audem, we're committed to helping businesses reduce their energy usage and costs. Our team has extensive experience in energy-efficient lighting and electrical systems, and we can help you find the right solution for your building.

**Great Work Ethic:** We take pride in the work we do, and we're always striving to exceed our client's expectations. Our team has a fantastic work ethic, and we're committed to delivering the highest-quality workmanship on every project.

**Fantastic Team:** At Audem, we believe that our team is our greatest asset. We're proud of the talented, skilled, and friendly professionals who make up our team. Whether you're working with us on a large-scale retrofit or a small refurbishment project, you can count on us to provide exceptional service.
